3.0 PROJECT INFORMATION

3.1 PROJECT NAME:

Elberon Avenue Rehabilitation

COTIL 4 A TEC

3.2 BRIEF PROJECT DESCRIPTION

A. SPECIFIC LOCATION:

Elberon Avenue from Waldvogel Viaduct to Purcell Avenue

B. PROJECT COMPONENTS:

Rehabilitation of existing roadway including repair and replacement of curb, removal of existing asphalt surface, base and joint repairs, inlet and connection pipe repairs, casting adjustments and resurfacing with a minimum of 2 inches of asphaltic concrete. In addition a 250 foot long pier wall will be constructed to stabilize the uphill slope and prevent the roadway from moving.

C. PHYSICAL DIMENSIONS/CHARACTERISTICS:

Roadway is 4 lanes, 40 feet in width and 4300 feet in length.

D. DESIGN SERVICE CAPACITY:

3.3 REQUIRED SUPPORTING DOCUMENTATION

Applicant shall circle the in my project application.	appropriate response to the statements. I have included the following:
(YES) NO	Two-year Maintenance of Local Effort Report as required in 164-1-12 of the Ohio Administrative Code.
(PES) NO	A registered professional engineer's estimate of useful life as required in 164-1-13 of the Ohio Administrative Code.
PES NO	A registered professional engineer's estimate of cost as required in 164-1-14 and 164-1-16 of the Ohio Administrative Code.
(ES) NO	Two (2) copies of a 5-year Capital improvements Report have been submitted to my District integrating Committee as required in 164-1-31 of the Ohio Administrative Code.
(YES) NO	A "status of funds" report per section 4.5 of this application.
YES NO (N/A)	A copy of the cooperative agreement (for projects involving more than one subdivision).
YES NO WA	Copies of all warrants for those Items Identified as 'pre-pald' in section 4.6 of this application.

6.0 DISTRICT COMMITTEE CERTIFICATION

The District Integrating Committee for District Number 2 Certifies

As the official representative of the District Public Works integrating Committee, the undersigned hereby certifies: that this application for financial assistance as provided under Chapter 164 of the Ohio Revised Code has been duly selected by the appropriate body of the District Public Works Integrating Committee; that the project's selection was based entirely on an objective. District-oriented set of project evaluation criteria and selection methodology that are based entirely on an objective. District-oriented set of project evaluation criteria and selection methodology that are fully reflective of and in conformance with Ohio Revised Code Sections 164.05, 164.06, and 164.14, and Chapter 164-161 of the Ohio Administrative Code; and that the amount of financial assistance hereby recommended has been prudently derived in consideration of all other financial resources available to the project. As evidence of the District's due consideration of required project evaluation criteria, the results of this project's ratings under such criteria are attrached to this projection.

District's due consideration of required project evaluation criteria, the results of this project's ratings under are attached to this application.

Re: Status of funds for local share of 1990 State Issue 2 Project

Dear Mr. Hipfel:

This letter is in follow-up to conversations you have had with the Engineering Division regarding the status of the City's matching funds for the 1990 State Issue 2 program.

The local matching share is recommended by the City Manager for funding in the City's 1990 Capital Improvement Program. The funds are coming from Street Improvement Bonds which are scheduled for sale on January 31, 1990.

Very truly yours,

F.A. Dawson

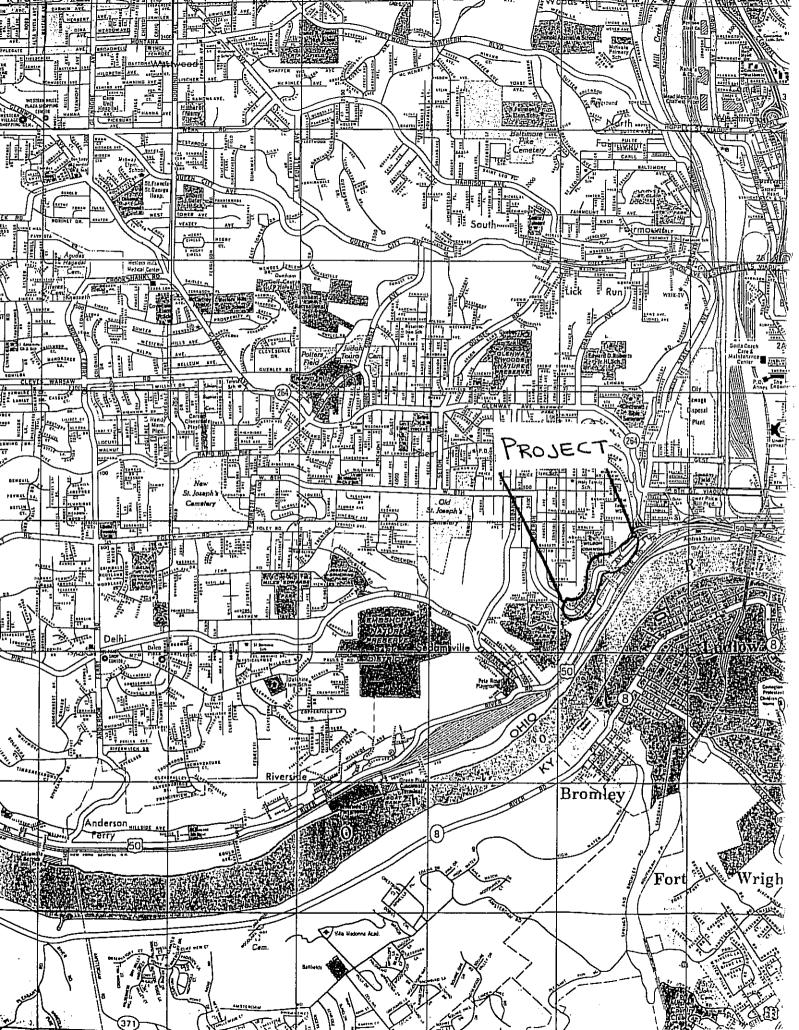

Director of Finance

PROJECT APPLICATION

DISTRICT 2, HAMILTON COUNTY

The state of the s
Jurisdiction/Agency: CITY OF CINCINNATI Population (1980): 385,000
Project Title: ELBERON AVENUE STREET REHABILITATION & SLIDE STABILIZATION
Project Identification and Location: <u>ELBERON AVENUE FROM WALDVOGEL</u>
VIADUCT TO PURCELL AVENUE
Type of Project: Rehabilitation X Replace Betterment*
(Mark more than one box if there are expansion elements such as 2 lane bridge being replaced with a 4 lane bridge)
Explanation of Betterment Elements of Project*:
Road 🔀 Bridge 🗌 Flood Control System (Stormwater) 🗌
Detailed Description of Project**: REHABILITATION OF EXISTING ROADWAY.
INCLUDING REPAIR AND REPLACEMENT OF CURB, REMOVAL OF EXISTING ASPHALT
SURFACE WHERE NEEDED, BASE & JOINT REPAIRS, INLET & CONNECTION PIPE
REPAIRS, CASTING ADJUSTMENTS AND RESURFACING WITH ASPHALTIC CONCRETE. IN
ADDITION A 250 FOOT LONG PIER WALL WILL BE CONSTRUCTED TO STABILIZE THE
THE UPHILL SLOPE AND PREVENT THE ROADWAY FROM MOVING.
Type of Issue 2 Funds: District 2 Small Government Water/Sewer Rotary Emergency

^{*} See definition of Betterment attached.

- Are matching funds available? (i.e. Federal, State, MRF, Local, etc.) To what extent of anticipated construction cost? List the type and amount of funds being supplied by the local agency. This amount may be from local, Federal, State, Municipal Road Fund (MRF), or other sources. Explain additional funding through other sources being applied for or received for the project. Also, explain any need to accumulate funds for construction at a later date. Complete LOCAL FUNDING SOURCES on Page 6. ■ The local agency shall supply a minimum of 10% of the anticipated construction cost. Additionally, the local agency shall pay for all costs of engineering, inspection of construction, right of way, and the betterment portion of the project. Complete ESTIMATED COST OF PROJECT, on Page 6. Has any formal action by a federal, state, or local government agency resulted in a partial ban or complete ban of the use or expansion of use for the involved infrastructure? NO Are there any roads or streets within the proposed project limits that have weight limits (partial ban) or truck restrictions (complete ban)? Have any bridges had weight limits imposed on them (partial ban) or truck prohibitions (complete ban)? Have the issuance of new Building permits been limited (partial ban) or halted (complete ban) because the existing storm/sanitary sewer or water supply system in a particular area is inadequate? Document with specific information explaining what type of ban currently exists and the agency that imposed the ban. NO What is the total number of existing users that will benefit as a result of the proposed project? Use appropriate criteria such as households, traffic counts, ridership figures for public transit, daily users, etc., and equate to an equal measurement of users.
- 7.
 - For roads and bridges, multiply current documented Average Daily Traffic by 1.2 occupants per car (I.T.E. estimated conversion factor) to determine users per day. Ridership figures for public transit must Where the facility currently has any restrictions or be documented. is partially closed, use documented traffic counts prior to restriction. For storm sewers, sanitary sewers, water lines, and other related facilities, multiply the number of households in the service area by four (4) to determine the approximate number of users per day. ____

ADT = 13,000	USERS = 15,600	
		· · · · · · · · · · · · · · · · · · ·

- 8. The applicant has conducted a study of its existing capital improvements and their condition. A five year overall Capital Improvement Plan (that shall be updated annually) is attached or on file with the District 2 Integrating Committee for the current year or shall be submitted by March 31 of the program year. The Plan shall include the following:
 - a) An inventory of existing capital improvements, including their condition,
 - b) A plan that details capital improvements needs during the next five years and,
 - c) A list of the political subdivision's priorities in addressing these needs.

The attached Form 1 shall be completed for those projects which are being submitted for Issue 2 funds.

9.	Is the infrastructure to be improved part of a facility that ha regional significance? (Number of jurisdictions served, size o service area, trip lengths or lengths of route, functional classification)
	THIS STREET IS PART OF THE FEDERAL AID URBAN SYSTEM AND IS CLASSIFIED AS A MINOR ARTERIAL.

OHIO'S INFRASTRUCTURE BOND PROGRAM (ISSUE #2)

DISTRICT 2 - HAMILTON COUNTY

1990 PROJECT SELECTION CRITERIA

JURISDIC	CTION/	AGENCY: CINCINNATI			
PROJECT	IDENT	TIFICATION:			
ELBERON	AVE L	NUE STREET REHABILITATION AND SLIDE STABILIZATION			
ELBERON	ELBERON AVENUE FROM WALDVOGEL VIADUCT TO PURCELL AVENUE.				
PROPOSEI	FUND	DING:			
ELIGIBLE	CATE	GORY:			
POINTS					
<u> 10</u>	1.	Type of Project			
		10 points - Bridge, road, storm water. 3 points - All other type projects.			
	2.	If Issue 2 Funds are awarded, how soon after the agreement with OPWC is completed would bids occur?			
		10 points - Will be let in 1990 5 points - Likely to be let in 1990 0 points - Not likely to be let in 1990			

3. is What the condition and/or serviceability of the infrastructure to be replaced or repaired. For bridges, base condition on latest general appraisal and condition rating.

10 points - Closed

8 points - Extremely Poor

6 points - Poor

· 4 points - Fair to Poor

2 points - Fair

0 points - Good

Of the total infrastructure within the jurisdiction which is similar to the infrastructure of this project, what portion can be classified as being in poor to very poor in condition, and/or inadequate in service.

10 points - 50% and over

8 points - 40% and over

6 points - 30% and over

4 points - 20% and over

2 points - 10% and over

How important is the project to the health, welfare and safety of the public and the citizens of the district and/or the service area?

10 points - Significant importance

8 points -

6 points - Moderate importance

4 points -

2 points - Minimal importance

6

What is the overall economic health of the jurisdiction?

10 6 20 points - Poor

% le points -

6 12 points - Fair

J- 8 points -

A points - Excellent

10

7. Are matching funds for this project available? Federal, State, MRF, Local, etc.). To what extent of estimated construction cost?

10 points - More than 50%

8 points - 40-50% and over

6 points - 30-49% and over

4 points - 20-29% and over

2 points - 10-19% and over

Has any formal action by a Federal, State or governmental agency resulted in a partial or complete ban of the use or expansion of use for the involved infrastructure? This includes reduced weight limits on bridges.

10 points - Complete ban

5 points - Partial ban

0 points - No action

What is the total number of existing users that will benefit as a result of the proposed project. Use appropriate criteria such as households, traffic count, public transit, daily users, etc. and equate to an equal measurement of persons.

5 points - Over 10,000

4 points - Over 7,500 to 9,999

3 points - Over 5,000 to 7,499

2 points - Over 2,500 to 4,999

1 points - Under 2,449

10. Does the infrastructure have regional impact? (May consider size of service area, trip length or total length of route, number of jurisdictions, functional classification, etc.)

5 points - Major impact

4 points -

3 points - Moderate impact

2 points -

l points - Minimal impact
